Markup Files for Image
Markup Files contain saved annotations that were created in Brava! You can use this screen to manage and remove unwanted markups. Click Edit to change the security settings for a markup file.

<input type="checkbox"/>	Name	Remarks
<input type="checkbox"/>	MARKUP - RGDMK01	RGD TEST 01
<input type="checkbox"/>	MARKUP - RGDMKUPCREATEDINEB	Test MKUP Created in e8
<input type="checkbox"/>	MARKUP - RGDMKUPCREATEDINBRAVA	Test MKUP created in Brava

Delete Selected Markups

Create New Markup File
Creating a markup file in advance allows you to specify the security settings for the markups before they are saved. To use a pre-created markup file, view the file in the viewer, click 'Annotate', open the annotation menu, then click 'Open' to get the list of available markups. Select the file with the name that you created.
