

Dear Bentley Family,

Whenever we extract equipment trim Isometric, it is getting extracted in number of sheet w.r.t. number of nozzle (for eg: for 12 nozzle it will creates 12 sheet)

But we want trim Isometric to be extract in single sheet.

Is there any option to get extracted into combine 1 sheet ?

Waiting for your earliest reply.

Note - We are using:

*Software* : Bentley Autoplant V8i - SS4 version : 8.11.9.140 , Autocad 2012-64Bit , Naviswork 2013 , Inventor Ultimate 2014-64 Bit , MS-Office 2010 - 64 Bit.

*Hardware* : Workstation Dell Precision T3600

Thanks & Regards ,
