Version 7.0 Amendments – May 2020

OpenBuildings Designer CONNECT Edition, Update 7:

Deployment Guide Intro:

This document:

- is a delta document, highlighting the Dataset and Workset file changes from **Designer CONNECT Edition Update 6, (10.06.03.04)** to OpenBuildings Designer CE Update 7, It is intended to assist users in updating their Configurations to work with OpenBuildings Designer CONNECT Edition, Update 7.

Note:

- All changes are required changes unless noted with “*optional*”
 - A “required” change is needed for the product to work correctly.
 - A “recommended” change is optional; without it, the product/tool will still work.
